

# The Delaware Canal – Then and Now

Presented by Michael Ginder

**Yardley-Makefield Library**

**Saturday, May 4 at 2 p.m.**

**Join us to learn about the history of the Delaware Canal, from its origin as an industrial transportation route in the 19th and early 20th centuries to its current designation as a State Park. Hear how mule-drawn canal boats traversed the nearly 60 miles of the canal from Easton to Bristol to bring coal to the region. Learn about the transition to a State Park and how visitors today can enjoy the canal and experience its history and natural beauty firsthand.**

**Michael Ginder is a member of the Friends of the Delaware Canal, a nonprofit organization that works to restore, preserve, and improve the canal and its surroundings.**
